\*BizRock is an awesome hairstyle from the 80's still alive in parts of Texas and most of Florida today. It refers to having a short haircut in the front but long in the back. Like the mullet only way more hardcore. Think Patrick Swayze is to the mullet as Billy Ray Cyrus is to the BizRock. Why does this descriptor find it's way onto the salad page? . . . Not really sure.

# Build Your Own Buffet

Our most Popular Catering Choice. Just make your picks, tell us how many and let us do the rest. All prices indicate a per person cost. As usual, special requests are welcome and Stupid questions are almost always expected.
